The laws of performing Hajj are mentioned in the Qur'an in ten places. Hajj or pilgrimage is performed in the month of Thawal-Hijjah or the twelfth month by all the Muslims regardless of their nationality or race. It presents unity and justice around the House of Allah, which is the House of the people according to His laws which are the laws for mankind. Hajj also means message. It is the message of how to activate our constitution, Qur'an, in action. The message of unity in uniformity of clothing (2 pieces of white material) while in the boundary of the House and obedient to the law of the House. The message of one law in the House and around that law as one family together
